

Garden House

Secure Home-Like Setting

Garden House is a setting that was thoughtfully designed to support independence and preserve dignity, even through progressive frailty that often accompanies aging.

Our features and services combine to create an environment where your loved one can safely maintain his or her independence longer, avoiding the need for a more institutional setting.

“Every day is different. Some days I relax in the yard and others I participate in activities. It’s all up to me.”

Rachel enjoys her life at the Garden House apartments on Weinberg Campus.

- Cozy, furnished efficiency apartments with private, fully accessible bathrooms that have walk-in showers
