

U.S. NEWS & WORLD REPORT RECOGNIZES WEINBERG CAMPUS' ROSA COPLON LIVING CENTER WITH HIGHEST PERFORMANCE RATING

GETZVILLE, NY (October 28, 2020)— U.S. News & World Report released the ratings for its “Best Nursing Homes 2020-21” [list yesterday](#). Weinberg Campus was recognized this year with a “High Performing” rating for its Rosa Coplon Living Center facility.

Each year the ratings are based on U.S. News’ in-depth analysis of publicly available data. A “High Performing”, “Average”, or “Below Average” rating is assigned to short-term rehabilitation as well as long-term care facilities across the U.S. Nursing homes receive badges based on the ratings given, and Weinberg Campus’ Rosa Coplon Living Center is among only 21% of U.S. nursing homes that earned at least one badge.

“We are honored to have been recognized as a high performing nursing home facility,” said Weinberg Campus President & CEO, Bob Mayer. “This honor is a true testament to the dedication and commitment of our team, who work tirelessly to ensure the safety and wellbeing of our residents 24/7.”

Located just minutes from the University of Buffalo’s North Campus in Amherst, Weinberg Campus offers a variety of residential communities and services for seniors, including apartments, assisted living, skilled nursing care, inpatient and outpatient physical therapy and rehabilitation, and home care services.
